

## VACANCY NOTICE

### Research Assistant (ICGEB)

One Research Assistant position is available in the ICGEB Molecular Medicine Group for a BIRAC funded Phase I clinical trial of *P. falciparum* malaria vaccine to perform immunoassays in GCLP-compliant mode and process development/improvement for vaccine candidates. Initially, this position is available for the six months and based on the performance of the candidate can be further extended.

#### **Educational qualification:**

M.Sc. degree in Life Sciences/Biotechnology or related subject.

Candidate with prior experience in Immunoassays & Cell Culture, molecular biological methods, recombinant protein expression & purification will be preferred.

Interested candidates should submit their application with full, updated Curriculum Vitae with a detailed description of research experience along with two references. The application with the subject line "**Application for the post of Research Assistant**" should be addressed to Prof. V.S. Chauhan.
