VACANCY NOTICE

Research Associate (RA) Junior Research Fellow (JRF) Positions

One Research Associate (RA) and one Junior Research Fellow (JRF) positions are available in the ICGEB Yeast Biofuel Group for a DBT sponsored project to work on yeast metabolic engineering for biofuel production and next generation sequencing data analysis. Initially, these positions are available for the period of one year and based on the performance of the candidate can be further extended.

Educational Qualification:

RA candidates should hold a Ph.D. in Biological Sciences/Bioinformatics.
JRF candidates should hold a MSc. with NET/GATE

Candidates with prior research experience in yeast molecular biology/ cloning/ metabolic engineering/ protein expression and computational biology / NGS analysis/ genomics, proteomics will be preferred.

Interested candidates should submit their full, updated Curriculum Vitae with a detailed description of research experience along with two references by **December 12, 2018**, addressed to Dr. Naseem Gaur
