

New Delhi, 22 Sep 2020

Research Associate positions available at ICGEB, New Delhi in a DBT funded project

Qualifications: Ph.D in Protein NMR spectroscopy or Protein Crystallography.

Desirable Experience: Candidates must have experience in either one of the following;

1. Handling of Bruker NMR spectrometer equipped with cryoprobe and knowledge of pulse programming in TOPSPIN 4, experience with using sequence-specific resonance assignment, structure determination and relaxation dynamics of ^{13}C , ^{15}N labeled protein, experience with CARA, CYANA will be preferred. Knowledge of crystallography will be advantageous.

OR

2. Experience with protein crystallization using robot, X-ray diffraction data collection and processing, must with well versed with structure determination softwares like HKL 3000, MOSFLM, COOT etc. Knowledge of Protein NMR spectroscopy will be advantageous.

No. of Post: 1

Fellowship and duration: The position is available for the first three months and will be extended based on the performance. Fellowship as per the DBT, GOI rules.

Deadline: Interested candidates are requested to send their resume to the following email: icgeb.tr@gmail.com by 5th Oct 2020. Shortlisted candidates from the CVs received will be asked to appear for an interview.
