Web <https://www.icgeb.org/joint-icgeb-als-society-of-canada-symposium-croatia-2022/>

The workshop will gather top experts in the field of neurodegeneration, neuroinflammation, animal models, clinical studies and emerging therapies in ALS/FTD and related fields. Young researchers will be greatly supported via selected oral presentations, poster sessions and networking opportunities.

Topics will include:

- ALS/FTD genetics and mechanisms
- Proteinopathy in ALS/FTD
- Immunity in ALS/FTD
- Related brain disorders
- Clinical studies
- Biomarkers and emerging therapies in ALS/FTD

Participants

- Basic and clinical researchers in the fields of neurodegeneration, neuroimmunology, neurodevelopment and related fields
- Postdocs, clinical residents, PhD and Ms students are encouraged to participate
- Poster sections will be organized and best abstracts selected for oral presentations

Funding

- Nationals of ICGEB Member States are eligible to apply for 15 travel grants covering twin share accommodation and local hospitality during the workshop
- All students from ICGEB member states will have their registration fees waived
- Established researchers from ICGEB Member States will pay discounted registration fee

Online application <https://isg.icgeb.org/auth/login>

Deadline 11 April 2022
