VACANCY NOTICE

JRF POSITION AVAILABLE

One Junior Research Fellow (JRF) Position is available in the Microbial Engineering group, in the lab of Dr. Shams Yazdani. The position is available for one year with annual extensions based on the availability of funds and the candidate’s performance in achieving objectives. Please note that this is a temporary position whose duration is only for the tenure of the approved project. The salary will be as per DST norms, based on qualification and experience.

Position- Junior Research Fellow (microbial engineering)

Job description: The selected candidate will be performing recombinant fungal fermentation, media optimization, enzyme assay development, downstream processing, SOP/batch record sheet preparation. The candidate will also be responsible for preparing detailed technical reports summarizing the results and for the timely submission of these reports.

Qualifications: M.Sc/ B.Tech/M.Tech in Life Sciences or another related field with courses in fermentation technology/bioprocess technology.

Desirable qualifications: Experience in fermentor/bioreactor handling and process development will be preferred. Preference will be given to candidates who have qualified NET/GATE.

Interested candidates should email their latest curriculum vitae and cover letter (Cover letter must mention pertinent skills) with a detailed description of scientific experience to dbt.icgeb.bioenergy@gmail.com, with the subject mentioned as “Application for JRF position in Microb Eng Group”. Only short-listed candidates will be contacted for an interview.

Closing date for applications: 26th August 2024
