VACANCY NOTICE

**Advertisement for positions in the Structural Parasitology Group, ICGEB,
New Delhi**

Data Manager positions are available in the **Structural Parasitology Group, ICGEB**, New Delhi component, for an externally funded project.

Investigator: Amit Sharma

Fellowship and Duration: Fellowship as per the norms of funding agencies. Initially, the positions are available for three months and can be further extended based on the performance of the candidates.

Educational Qualification and Job Description:

- 1. Data Manager (No. of positions-2):** The candidate should possess a Bachelor's or higher degree in Bioinformatics, Computational Biology, Data Science, Computer Science, Biotechnology, or a related field from a recognized institution. High-level expertise in bioinformatics tools, advanced biological data analysis, and proficiency in programming languages such as Python, R, or Perl are required. Preference will be given to candidates with demonstrated experience in managing and analyzing large-scale sequence datasets, developing and maintaining databases, and applying data mining and data science techniques to biological applications. Strong skills in high-throughput data analysis, scripting, and leveraging server-side tools for efficient storage, retrieval, and processing of biological data are highly desirable.

How to apply: Apply with a CV (not more than 3 pages, elaborating your research experience in detail), contact details of three academic referees (name, affiliation, e-mail and phone numbers), and a cover letter (one page) at amit.icmrcar@gmail.com. Rename the CV with your name followed by the word 'CV' (e.g., AB_CV).

Last Date to Apply: 31 August 2025.

Note: Candidates must meet the required experience criteria to apply. Only shortlisted applicants will be contacted via email with further interview details.

Mode of interview: Online

Working station: ICGEB campus, New Delhi.
